Program Overview

Aohua VET Webinars bring together **30 + renowned veterinary specialists** from around the world to share practical knowledge in veterinary endoscopy, minimally invasive surgery, and clinical practice.

With **50 + webinars annually**, we have supported the professional development of **10,000 + veterinarians worldwide** through expert-led presentations, case discussions, and interactive Q&A sessions.

More than a webinar series, it is a **global learning platform** where veterinary professionals exchange clinical experience, discover innovative techniques, and build lasting professional connections.
