

COURSE

THE GFA

TRAINING DAY

MANAGING BIOLOGICAL WIDTH
AROUND IMPLANTS

22 MARCH 2024 - Udine (ITA)

Speakers:

Dr. Peter Kobolt

Ing. Edoardo Ruzza

ABOUT SPEAKERS

Dr. Peter Kobolt

2003 Dental medicine degree, University of Ljubljana

2005-08 Phantom master course in Implant Surgery, prof.: dr.med.dent. Manfred Lang (Nürnberg Germany)

2021 2nd level university master degree in Oral Implantology, prof.: Ugo Covani (Rome-Ita)

From 2005 Privat Profession in implant dentistry

Ing. Edoardo Ruzza

2017 Biomedical engineering degree at University of Padua

2023 Master in business administration at University of Rome

2017 Product specialist at Plan1Health Srl, technical and commercial development of dental implantology in Italy

2019 Product manager at Advan Srl, company development of foreign markets, supervisor of oral surgery and maxillo-facial procedures

COURSE PROGRAM

Abstract

With hands on the GFA you will learn how this abutment encourage soft tissues growth. You will be ready to explore this One Time Abutment in detail to achieve the 4mm biological width around the implant.

About ATiM protocol

This program will positively impact on better realizing your provisionals and understanding this unique easy management ATiM (Advanced Tissue management) protocol for single crown/tooth and benefit safe rehabilitation of your patients and prevention of peri-implantitis.

About GFA IMPLANT

The GFA (Gingival Former Abutment) used and implement with a submerged, subcrestally placed, implant can be considered as a transmucosal implant. A one-time abutment protocol that avoid peri-implant crestal resorption and improves soft tissue stability at the implant-abutment interface. Once the gingival height has been determined, the GFA component can be fitted without removing it until delivery of the definitive prosthetic component.

AGENDA

- 10:00 Registration
- 10:30 Welcome greetings
- 10:45 ADVAN company presentation
- 11:00 Factory live tour
- 11:30 ATiM protocol presentation, Ing. Edoardo Ruzza
- 13:00 Light lunch
- 13:45 Theoretical and clinical approaches, Dr. Peter Kobolt
- 15:00 Hands on GFA, workshop
- 16:30 Closing remarks and questions for speakers

INFO AND REGISTRATION

Advan Srl
Via Rosta della maina 2
33020 Amaro UD (Italia)

22nd March 2024

10.30 – 16.30

Registration via email:
edu@medimpeks.si

Limited seats.
Max 10 participants.

Standard fee: 450€ + Vat
Early-bird fee* 350€+ Vat
*Early-bird registrations and payment
upon 1st March, No further cancellations are
possible.

THE GFA TRAINING DAY - NOTES

A series of horizontal dashed lines for taking notes.

ATiM
PROTOCOL

BIOLOGICALLY SAFE. AESTHETICALLY PERFECT.
