

PROGRAMME

Pre-Conference Day - Wednesday, May 6, 2020		
Workshop 1: Oral exam and nerve blocks		
Venue: Veterinary Faculty, Anatomy lab, Gerbičeva 60, Ljubljana		
I Group	Ana Nemeč	II Group
9:00-10:00	Introduction lecture: Comprehensive oral examination and nerve blocks	14:00-15:00
10:00-11:00	Wetlab: Dental charts and charting	15:00-16:00
11:00-11:15	Coffee Break	16:00-16:15
11:15-12:15	Wetlab: Regional nerve blocks	16:15-17:15

Sponsored by:
Jørgen Kruuse A/S

In collaboration with:

Workshop 2: Common surgical eyelid procedures		
Venue: Veterinary Faculty, Pathoanatomy lab, Gerbičeva 60, Ljubljana		
I Group	Tadej Zemljič	II Group
9:00-10:15	Introduction lecture	15:00-16:15
10:15-10:30	Coffee Break	16:15-16:30
10:30-13:00	Wetlab	16:30-19:00

Sponsored by:
VetConsult Pharma d.o.o.

In collaboration with:

Thursday, May 7, 2020

Marmorna Hall		Povodni Mož Hall 1-3		Povodni Mož Hall 4		Urška Hall	
8:30-9:15	Gastroenterology Silke Salavati Ileus in critically ill patients - a clinical approach to gastric motility	9:00-9:45	Oncology Špela Bavčar Canine and Feline lymphomas – are they all the same? – Part 1	9:30-10:15	Dermatology Nao Hensel The Dermatologist's Toolbox: Practical Diagnostic Techniques		
9:20-10:05	Gastroenterology Silke Salavati IBD, CE, FRE, ARD - an update on acronyms and aetiologies in canine chronic gut conditions	9:50-10:35	Oncology Špela Bavčar Canine and Feline lymphomas – are they all the same? – Part 2	10:20-11:05	Dermatology Nao Hensel Congenital/genetic skin diseases	10:20-11:05	Industry Symposium
10:05-10:35	Coffee Break	10:35-11:05	Coffee Break	11:05-11:35	Coffee Break	11:05-11:35	Coffee Break
10:35-11:20	Gastroenterology Silke Salavati The "curious" case of canine protein-losing enteropathy - do we need to step it up?	11:05-11:50	Oncology Špela Bavčar Tyrosine Kinase Inhibitors and their use in veterinary medicine	11:35-12:20	Dermatology Nao Hensel Review on cutaneous Pemphigus and Lupus	11:35-12:20	Industry Symposium
11:25-12:10	Gastroenterology Silke Salavati Alternative treatment options for chronic enteropathies - something not only for refractory cases	11:55-12:40	Oncology Špela Bavčar "Chronic" treatments in veterinary oncology	12:25-13:10	Dermatology Nao Hensel Unusual skin lesions associated with an internal disease	12:25-13:10	Industry Symposium
12:10-13:50	Lunch	12:40-14:20	Lunch	13:10-14:50	Lunch	13:10-14:50	Lunch
13:50-14:35	Neurology Elsa Beltran Anisocoria - When the problem is in the neurology system	14:20-15:05	Nephrology Marc Dhumeaux Evidence based medicine in chronic kidney disease	14:50-15:35	Welfare and Behaviour Gonçalo da Graça Pereira What Cats would like us to know about their behaviour?	14:50-15:35	Industry Symposium
14:40-15:25	Neurology Elsa Beltran Blindness from a neurologist point of view	15:10-15:55	Nephrology Marc Dhumeaux How to recognised and treat acute kidney injury	15:40-16:25	Welfare and Behaviour Gonçalo da Graça Pereira Social Organization in Dogs: Is dominance real or a myth?	15:40-16:25	Industry Symposium
15:25-15:55	Coffee Break	15:55-16:25	Coffee Break	16:25-16:55	Coffee Break	16:25-16:55	Coffee Break
15:55-16:40	Neurology Elsa Beltran Strabismus, nystagmus and eyelid dysfunction	16:25-17:10	Nephrology Marc Dhumeaux Proteinuria in dogs and cats; does it really matter?	16:55-17:40	Welfare and Behaviour Gonçalo da Graça Pereira Environmental Enrichment: can living conditions lead to cat's behavioural problems?	16:55-17:40	Industry Symposium
16:45-17:30	Neurology Elsa Beltran The vestibular patient, When should I be worried?	17:15-18:00	Nephrology Marc Dhumeaux Case-based discussion in kidney disease	17:45-18:30	Welfare and Behaviour Gonçalo da Graça Pereira Is it simply a toilet or do details make the difference?		

Friday, May 8, 2020

Marmorna Hall		Povodni Mož Hall 1-3		Povodni Mož Hall 4		Urška Hall	
8:30-9:15	Gastroenterology Silke Salavati Gastrointestinal endoscopy and histopathology - are we all wasting our time?	9:00-9:45	Orthopedics Martin Owen Cranial cruciate ligament insufficiency – Options for surgical management	9:30-10:15	Dermatology Patrick Hensel Optimizing Topical Therapy for Various Skin Diseases		
9:20-10:05	Gastroenterology Silke Salavati The good, the bad and the inbetweeners? - Case discussions in small animal gastroenterology	9:50-10:35	Orthopedics Martin Owen Cranial cruciate ligament rupture - When is a lateral suture as good as a TPLO?	10:20-11:05	Dermatology Patrick Hensel Nail diseases in dogs & cats	10:20-11:05	Industry Symposium
10:05-10:35	Coffee Break	10:35-11:05	Coffee Break	11:05-11:35	Coffee Break	11:05-11:35	Coffee Break
10:35-11:20	Neurology Elsa Beltran Acute spinal cord lesions - From clinical signs to treatment	11:05-11:50	Orthopedics Martin Owen Patellar luxation – Diagnosis and Surgical Management	11:35-12:20	Dermatology Patrick Hensel Food Allergy versus Food Intolerance	11:35-12:20	Industry Symposium
11:25-12:10	Neurology Elsa Beltran Seizures versus movement disorders - How Can I recognise them?	11:55-12:40	Orthopedics Martin Owen Patellar luxation – What can we learn from my mistakes?	12:25-13:10	Dermatology Patrick Hensel Non-pruritic, non-inflammatory alopecia	12:25-13:10	Industry Symposium
12:10-13:50	Lunch	12:40-14:20	Lunch	13:10-14:50	Lunch	13:10-14:50	Lunch
13:50-14:35	Cardiology Mike Martin Understanding heart sounds	14:20-15:05	Emergency and Critical Care Chiara Valtolina Approach to the emergency patients: triage and major body system	14:50-15:35	Surgery Laura Owen Advanced reconstruction techniques	14:50-15:35	Industry Symposium
14:40-15:25	Cardiology Mike Martin Recognition and diagnosis of heart failure in dogs	15:10-15:55	Emergency and Critical Care Chiara Valtolina Fluid therapy for the emergency and critical care patient	15:40-16:25	Surgery Laura Owen Update on mast cell tumours	15:40-16:25	Industry Symposium Relja Beck Thelazia CALLIPAEDA: A zoonotic worm to keep an eye on 
15:25-15:55	Coffee Break	15:55-16:25	Coffee Break	16:25-16:55	Coffee Break	16:25-16:55	Coffee Break
15:55-16:40	Cardiology Mike Martin Preclinical heart disease in cats and dogs	16:25-17:10	Emergency and Critical Care Marko Pipan What to do when they are gasping for air	16:55-17:40	Surgery Laura Owen Splenic masses	16:55-17:40	Industry Symposium
16:45-17:30	Cardiology Mike Martin Treatment of heart failure and current ACVIM guidelines	17:15-18:00	Emergency and Critical Care Marko Pipan Hypotension-should I panic?	17:45-18:30	Surgery Laura Owen Oral tumours		

@18:30 Welcome Reception

Saturday, May 9, 2020

Marmorna Hall		Povodni Mož Hall 1-3		Povodni Mož Hall 4		Urška Hall	
8:30-9:15	Cardiology Mike Martin Introduction to understanding ECGs	9:00-9:45	Emergency and Critical Care Chiara Valtolina Monitoring post surgical patients	9:30-10:15	Orthopedics Martin Owen Hip Dysplasia – Diagnosis and Management	9:00-9:45	Nurse Stream Katherine Howie Nursing the septic patient (Could also do anaesthesia for the septic patient)
9:20-10:05	Cardiology Mike Martin Collapse and syncope in dogs: a night at the movies	9:50-10:35	Emergency and Critical Care Chiara Valtolina Approach to the dyspnoeic cat /patient	10:20-11:05	Orthopedics Martin Owen Elbow Dysplasia- Diagnosis and Management	9:50-10:35	Nurse Stream Katherine Howie Triage and major body system assessment
10:05-10:35	Coffee Break	10:35-11:05	Coffee Break	11:05-11:35	Coffee Break	10:35-11:05	Coffee Break
10:35-11:20	Cardiology Mike Martin Interactive Case quiz: is this cardiac or respiratory disease?	11:05-11:50	Emergency and Critical Care Chiara Valtolina Approach to the multitrauma patient	11:35-12:20	Orthopedics Martin Owen Common Calcaneal Tendon injury	11:05-11:50	Nurse Stream Katherine Howie Assessment of respiratory distress
11:25-12:10	Cardiology Mike Martin Interventional cardiac procedures in small animals: an overview	11:55-12:40	Emergency and Critical Care Chiara Valtolina Common mistakes in the ER	12:25-13:10	Orthopedics Martin Owen Management of pelvic fractures	11:55-12:40	Nurse Stream Katherine Howie Nursing the GDV patient
12:10-13:50	Lunch	12:40-14:20	Lunch	13:10-14:50	Lunch	12:40-14:20	Lunch
13:50-14:35	Internal Medicine Alenka Hrovat Diagnosis and better understanding of diabetes in dogs and cats	14:20-15:05	Surgery Laura Owen Ureteral obstruction - includes surgical options, SUBs and stents	14:50-15:35	Endosurgery Antoine Adam Laparoscopy in small animal practice - top 5 most popular procedures	14:20-15:05	Nurse Stream Katherine Howie Anaesthetic emergencies
14:40-15:25	Internal Medicine Alenka Hrovat Management of simple and complicated cases of diabetes	15:10-15:55	Surgery Laura Owen Urinary incontinence - update on urinary incontinence and management options available	15:40-16:25	Endosurgery Antoine Adam New technics in urinary diagnostic and endosurgery	15:10-15:55	Nurse Stream Katherine Howie Considerations for the C-section patient
15:25-15:55	Coffee Break	15:55-16:25	Coffee Break	16:25-16:55	Coffee Break	15:55-16:25	Coffee Break
15:55-16:40	Internal Medicine Alenka Hrovat Monitoring of diabetes	16:25-17:10	Surgery Laura Owen Lower urinary tract (or urethral obstruction) - management of urolithiasis and urethral/prostatic tumours	16:55-17:40	Welfare and Behaviour Gonçalo da Graça Pereira Cognitive Dysfunction Syndrome: can we stop aging?	16:25-17:10	Nurse Stream Katherine Howie The head trauma patient
16:45-17:30	Internal Medicine Alenka Hrovat Case solving	17:15-18:00	Surgery Laura Owen Surgical planning for oncological cases and simple reconstruction techniques	17:45-18:30	Welfare and Behaviour Gonçalo da Graça Pereira "I'm getting bald! Is it stress?": feline pschycogenic alopecia	17:15-18:00	Nurse Stream Katherine Howie Acute kidney injury
@21:00 EERVC Party
